

Sunbow

By Sarah Cherney

Brighten up and add a girly charm to any outfit with a garter stitch hair bow.

This bow requires only the basics of knitting (casting on, knit stitch, and binding off) making it a great first project for a beginner, or an instant gratification project for an intermediate or veteran.

Materials:

Worsted weight yarn

Size 10 knitting needles

Bobby pin (or your favorite hair clip accessory)

To Make:

Cast on 16 stitches.

Knit every stitch for 3 ½ inches.

Bind off and weave in ends.

Fold center of bow in desired way and start wrapping yarn around it to hold the shape.

Slide bobby pin through the center wrap and you are ready to wear your bow!
